ROYAL LIGHT
PHOTOSHOP ACTION

THANKS FOR DOWNLOADING !

Before applying the action please make sure following :

1, Your Photoshop document must be in **RGB color mode**. To check this, go to the menu Image -> Mode -> RGB Color

2, Your Photoshop document must be setup in **8 bits/Channel**. To check this, go to the menu Image -> Mode -> 8bits/Channel.

3, Use a high quality photo. Recommended sizes are between **1000–4000px** . For images under 800px, you increase the likeliness of an error occurring as there is not enough pixels for Photoshop to perform certain tasks. You can adjust size from image size window. Image -> image size

4, Recommended resolution: **72 - 300 dpi** resolution. To check this, go to the menu, Image—> Image Size and check the Resolution number.

PLEASE MAKE SURE TO WATCH THE VIDEO TUTORIAL

https://youtu.be/TglvnHKKFDI

STEP BY STEP GUIDE

1. Open Photoshop and select File > Open.

2. Next, choose your photo and open it within Photoshop.

3. Brush over the subject with a color.

4. Load action (window -> action -> load action -> choose action file.
   (Separate action for Photoshoph CC and CS versions included.
    Please choose your one.)

5. Play action, Done.

CUSTOMIZE LAYERS

Three important customization for better result.

1. Change direction of light by adjusting layer "Color light beam".

2. Change color of light beam by adjusting layer "Color background".

3. Remove extra light & shade over the subject by unmasking layer
     "Bring back photo".

For more information please watch video tutorial.
